MANUFACTURE OPTIONS

We provide to you the ability to confidently inform your patients on a range of options they may select from. Please refer to the table above for the list of inclusions. Upgrade packages are also available.

Patients may choose from basic to premium options with the comfort and knowledge that they may undertake future upgrades if so desired. Varied finishing choices permit a balance between cost, benefit and longevity.

PROSTHETIST INVOLVEMENT

Our services include assisting throughout the process of indexing stents, final impressions, preparing wax try-ins and taking photographs. Initially support may be required with part or all of these, however this can be decreased as your skill and confidence grow being mindful that you are in complete control of the prosthetist's involvement at all times. We are convinced that working together to achieve a level of quality and service that surpasses patient's expectations is our joint mission statement.
